11 In G.O. dated 21st November 1927, the number of mechanics who could be given a maximum pay of Rs. 150/- P.M. was raised from 2 to 8 with a directi that increments should be strictly and directly a reward for good work and that if a mechanic is foun deserving of this reward he might be allowed a -- special addition within the maximum permissible.

12 In December 1930 when the Sandalwood Oil Factory at Bangalore was closed as a measure of retrenchment, the No. of mechanics and Foreman was reduced from 18 to 10 and it was then ordered that these ten persons should be kept on "all on their present pay".

13 In April 1933, the Director, Sandalwood Oil Factory, reported that on the authority of G.O. dated 21-11-1927 he had given certain increments to six of the mechanics. This communication of the Director was recorded by Government.

14 The Comptroller thinks that the increments given by the Director are not in order as the G.O. dated 31st December 1930 has fixed the pay of the mechanics and does not contemplate the grant of any increases.

15 The Director has also solicited sanction of Government to the increments given to the mechanics by his predecessor from 1st April 1933.

16 In the G.O. dated 31st December 1930 it was no doubt stated that 8 out of the 18 mechanics might be kept all on the pay that they were drawing at the time. But the point arises whether the mechanics cannot be given increases at all and -

NOTE—Contn. Sheet.

WD 02563—GPB—50,000—8 7 30

and whether the prize posts created in the order of 21st November 1927 are to be considered as abolished. The Director states that the last promotion given to the mechanics was in November 1928. Having regard to the fact that they have remained without any increase in pay for the past nearly 5 years, it is for orders if the action of the Director may not be approved.

17. The grant of increments will be in order if the G.O. dated 21st November 1927 is considered as not superseded. It will be irregular if that G.O. is considered as superseded by the later order of 31st December 1930. The question is one of interpretation of the two Government Orders dated 21st November 1927 and 31st December 1930. I do not think that the later G.O. of 31st December 1930 contemplated that the mechanics should be deprived of all -- chances of earning increments. The view taken by the Director seems to be correct and the increments sanctioned by him may stand, if approved.

DEVELOPMENT SECRETARIAT
12 MAY 1933

S.O.F. 66-32-3.

To

The Secretary to the Government of Mysore,
Development Department, Bangalore.

Sir,

I have the honour to invite reference to G.O. No.5367-8/S.O.F. 11-27-2 dated the 21st November 1927 authorising me to entertain mechanics on a pay not exceeding Rs. 100/- per mensem and raising the strength of the number of appointments of mechanics from two to eight on the scale of 100-10-150. Consequent to the closing down of the Bangalore Factory, two of the mechanics were appointed as foremen, and four other mechanics were retained in this scale. On the strength of the G.O. referred to above, increments were sanctioned to the following mechanics as detailed below:

	Name.	Present pay.	Rate of promotion.	Pay after promotion.
1	Mr. Siddoji Rao, Foreman	125	10	135
2	Mr. M.D. Venkataramanappa Forman.	120	10	130
3	Mr. Bapu Ramaswami	115	10	125
4	Mr. M.C. Govindappa.	112½	7½	120
5	Mr. N. Nagesa Rao.	97½	7½	105
6	Mr. K. Ranga Rao.	97½	7½	105
7	Mr. Cheluvaraj.	65	5	70
8	Mr. Murty Rao.	65	5	70
9	Mr. S.R. Srinivasa Iyengar	45	5	50
10	Mr. V. Krishna Rao.	40	5	45

As per directions conveyed in the last para referred to, I have already reported to Government in my letter No. 4233/11.4.33., the names of such of the mechanics whose pay exceeds Rs. 100 after the grant of the present promotion and no report was made with regard to the other mechanics, as I am authorised to entertain mechanics below Rs. 100/-.

The appendix to G.O. No.D. 6813-S/S.O.F. 54-32-2 dated the 31st December 1930 contains the fixed pay of the mechanics that they were drawing at the time of the closing down of the Bangalore Factory. I am of opinion that this order did not supersede the authority given to the Director in G.O. No.5367-S/S.O.F. 11-27-2 dated the 21st November 1927, and Mr. Rama Rao accordingly sanctioned promotions to mechanics. I therefore beg to request that the approval of Government may kindly be obtained for the increments sanctioned to the above mechanics from 1st April 1933.

I may be permitted to add in this connection that the last promotion given to them was in November 1928, and since then with their loyalty and co-operation I was able to effect lot of improvements in the manufacturing operations and their cases deserved due consideration.

I have the honour to be,
Sir,
Your most obedient servant,

Director. 11/5/32

4/1/31

17

	Pay after promotion	Pay as fixed in the G.O. dated 31-12-30.
Mr. Cheluva Raj	Rs 70/-	65/-
.. Murti Rao	70/-	65/-
.. S.R.Srinivsa Iyengar	50/-	45/-
.. V.Krishna Rao	45/-	40/-

It has further to be added that the pay after promotion in the case of Mr. Bapu Ramaswamy, does not fall in line with any of the stage in the scale of pay fixed and that the increments granted to Messrs. Bapu Ramaswamy and M.C.Govindappa require special sanction of Government as the increments have not been granted for over one year.

In this connection I would also invite reference to para 4 of the Government Order dated 31-12-30 in which the Director's proposal to keep on the machanics and assistant mechanics mentioned therein all on their (then) pay has been sanctioned. It would appear therefrom that increments were not proposed to be granted even in the case of the two mechanics taken against the sanctioned scale of Rs 100-10-150 in the appendix attached to the Government Order.

In view of these circumstances, orders of Government are solicited regarding the above promotions granted by the Director.

I have the honour to be,

DEVELOPMENT SECRETARY. 19. MAY 1933

Sir,

With reference to Government Order No. D. 5394-95/SOF 66-32-2 dated 27-4-1933 regarding the grant of increments to certain Mechanics by the Director, Sandal Oil Factory, and in continuation of this office letter No. 1257/IAD dated 2-5-1933, I have the Honour to state that the Government Order No. D. 6813-5/SOF 54-30-4 dated 31-12-30 sanctioning certain retrenchments on the closing of the Bangalore Factory, fixes the pay in the case of the four mechanics with a scale for only two of them as noted below. On the strenth of Government

Mechanics.

Mr. Bapu Ramaswamy	Rs 115/-	in sanctioned scale of
.. M.C.Govindappa	112/8	Rs 100-10-150
.. N.Nagesa Rao	97/8	
.. K.Ranga Rao	97/8	

Order No. D. 5367-8/SOF 11-27-2 dated 21-11-27 the Director has now granted increments to six machanics, four of them being those noted above and the two others being Messrs. Siddoji Rao and Venkatararanappa, whose pay was fixed at Rs 125/- and 120/- respectively as foremen in the Government Order of 31-12-30. This later Government Order dated 31-12-30 which fixes the scale of establishment for the Mysore Factories superSedes the Government Order of 21-11-27.

It is also observed from the office memo dated 8-4-1933 of the Director that in addition to the above the aforementioned assistant mechanics are given each Rs 5/- as promotion though no scale is provided for them and their pay was fixed in the Government Order of 31-12-30 as noted below. The increments now granted are not in order.

Sir,

In continuation of my letter No. 840/2 dated 29th Aug 1931 enclosing copies of communications received from Messrs. Mitsui Bussan Kaisha Ltd., and suggesting that the Trade Commissioner might be deputed to Japan to investigate the position of our Sandalwood Oil business in that country in view of the difficulties which are said to have arisen, I have the honor to state that on further consideration it seems to me that the matter is so urgent and important that unless immediate action is taken our interests might be seriously imperilled before it will be possible for the Trade Commissioner to go to Japan in the usual course. While there is no doubt that satisfactory permanent arrangements can only be made after the Trade Commissioner has examined the question thoroughly, the acute position that has now arisen in respect of our oil which is already in Japan, and the interests of our immediate business there, require that one of our Officers should go there at once, and work a way out of the difficulty. If our sales come to a stop now on account of a real or supposed defect in the quality of our oil, it would be a very uphill task to re-establish business later on, for we would have to contend against a prejudice which our rivals would certainly make the most of. It is therefore essential that the good name of our oil should be upheld against detractors, and that we should not allow the case to go against us

Sir,

With reference to your letter No.4762 dated 12th May. 1933 regarding the increments sanctioned by you to certain mechanics from 1st April 1933, I am directed to enquire whether the mechanics ordered to be kept on, on their present pay in the Government Order No.D. 6813-5/S.O.F. 54-30-2 dated 31st December 1930 are kept on, as supernumeraries or are absorbed in available vacancies. Whether the increments have been given to mechanics kept on as supernumeraries or to those absorbed in regular vacancies may also be made clear.

us by default. Messrs. Mitsui Bussan Kaisha have urged that we should send out a Chemist immediately to Japan. We might accept the suggestion.

2 I beg to propose that Government might be pleased to depute Mr. K. Parthasarathy, Assistant Director, - Sandalwood Oil Factory, to Japan to study the present - situation, to get in touch with the Test Laboratory -- Chemists of the Japanese Customs Department, and find out exactly what tests our oil should answer to be accepted as JP oil. He might also study the business side of - the question and submit proposals. A detailed report from him on all aspects of the problems would certainly be of great assistance to the Trade Commissioner - and might even enable us to decide whether it is necessary to depute the Trade Commissioner to Japan at all. Mr. Parthasarathy's deputation might take about three months altogether.

3 During Mr. Parthasarathy's absence, Mr. R. Ramanuja Iyengar might be placed in charge of the Sandalwood Oil Factory - the leave he has now applied for being refused.

4 As the matter is extremely urgent, I request that very early orders might be obtained. I should like Mr. Partha-sarathy to start about the middle of September if possible.

NOTE OF INSTRUCTIONS TO MR. K. PARTHASARATHY IN CONNECTION WITH THE WORK TO BE DONE IN JAPAN.

1. Test our oil held up there yourself, or have tests conducted in your presence.
2. Supervise filtration if necessary, and have it conducted as economically as possible.
3. Study the business, and make suggestions for safeguarding our interests.
4. Suggest satisfactory arrangements for test of oil and its certification as P.J.4. standard.
5. Interview authorities of the Purchasing Syndicate.
6. Study the organisation for (i) German and (ii) West Australian oil - also where and by whom (and how) blending is carried on.
7. See what Indian firms of repute there are in Japan, and whether our agency could be entrusted to them.
8. Try to find out the correct requirements of P.J.IV. standard, the exact nature of the Customs House Laboratory Tests, and suggest measures for manufacturing our oil which will safely pass those tests even making allowance for deterioration.
9. Above all do not enter into commitments without my sanction, and seek instructions when in doubt, and whenever necessary.
10. If Sandalwood is imported into Japan from India or any other country, and if so whether it is used for distillation. Ascertain
